Bedford County is in need of resource homes for the children and youth of this county! People who become Resource Parents are genuinely concerned about the well-being of children and their families. They recognize that not all families have the physical, intellectual, or emotional ability to meet the needs of their children. Resource Parents are people who are aware of the stresses and social problems that lead to child abuse and neglect, or adolescent problems with truancy, incorrigibility, or drug and alcohol abuse. They are people who realize that family conflict can become so bad that children must be removed from their homes temporarily.

For more information, please call Briana Beach at (814)623-4804. If you are unable to attend one of the scheduled meetings, arrangements can be made to meet with you at your convenience!

Social distancing will be practiced, and wearing masks is preferred!
